City Commissioners will hold a public hearing Monday on a proposed budget of $457,953.

The meeting, at 5 p.m. in the City Hall Annex, will give commissioners an opportunity to hear questions from residents concerning money to be spent for city operations.

The budget proposed by City Manager Gary Gwyn will be $68,829 less than the figure last year.

The budget will go into effect April 1.

The students are, left, Shelly Martin, Donnie Patchin, Debbie McKinney, Sherrie Ramsdell and Mike Dodson.

Expect Anderson Decision Monday

Course Of Action Under Discussion

A school board decision on the Judy Rae Anderson case is expected next Monday morning when the trustees meet in a called session.

When the Anderson question came to a vote Monday night of this week, two board members were absent and two abstained. Board President Joe Gill declared that there was not a quorum.

Mrs. Anderson, 16 years old, was denied admittance to junior high school, where she would have been a ninth grader, because she had been married the latter part of December to James W. Anderson.

Anderson is a student at West Texas State University and a veteran of Vietnam.

The Canyon school board policy calls for denying enrollment to newlyweds for one school semester after marriage.

District Judge Gene Jordan concurred with the board but subsequently was reversed by the 7th Court of Appeals.

School attorney, A. W. Lair, told the board that it might well be better not to pursue the case

Top Clerk Is Sought

All salespersons in Canyon business firms are urged to be on their "best behavior" for selection as the winner of a $50 saving bond which is being offered by the Canyon Rotary Club.

Contest director, Joe Gidden, said that the contest will conclude on Saturday and the winner will be notified and presented with the award at a special meeting of the Rotary Club on Tuesday.

Six Now In School Race

Six people are in the race for two seats on the Canyon School System board of trustees.

Election will be April 1.

Those tossing their hats into the ring are incumbent J. O. Parker, Richard Pruett, Marshall Rockwell, Harold Erwin, John E. Albers and Fletcher Sims, Jr.

Dr. Charles Nester, a board member six years, recently declined to seek re-election.

The candidates met Friday to draw for positions on the ballot.

Aubrey Crossland will be election judge at the American Legion Building and Bill Harp will maintain the polls at the Gene Howe Elementary School building.

Trustees will meet April 3 to canvass the election, declare results and issue official reports.

City Race ShapingUp

A race for place 4 on the Canyon City Commission developed Saturday when Felix Pierce announced his candidacy for the position currently held by John Williams. The election is slated April 4.

Pierce has been co-owner of Plains Butane here since 1952.

Williams is a local farmer-rancher. He was elected to the commission in 1959 when Canyon's new charter was adopted.

T. H. Foster, Canyon builder, had earlier announced his candidacy for place 5 on the commission.

He will be pitted against incumbent J. Manly Bryan, Canyon physician.

Foster tried unsuccessfully to unseat George Ritter for place 3 last year.

Baseball Meet Set

A planning meeting for summer youth baseball in Canyon will be held Tuesday night, March 14, at 7:00 o'clock in commissioners courtroom.

All persons interested in league activities are invited to attend. Special emphasis will be given to signing umpires for the season and the study of rules and regulations.

PatrioticThemeWoven Into School Week Skit

"America Is My Country" was presented Monday afternoon and evening as the opening activities for Texas Public School Week at Rex Reeves Elementary School.

Written by Mrs. Alma Perkins, the program was presented by third grade sections of Mrs. Molly Edwards and Mrs. Rene Duncan with musical accompaniment by Mrs. Cortez Dowlen.

The program opened with three children reading a library book about America. Various tableaus throughout the program depict pictures which the children see in the book. Children in the scene were Michelle Kelley, Kent Palmer and Doug Tow. Serving as guardians of the book were Susie Reynolds and Janet Lasher.

Appearing in the tableau of the pilgrims were Addie Murrell, Robby Ratliff, Janet Noy and Randy Dressler. Hope Cable directed the choral presentations of "America The Beautiful", "Where In The World But in America" and "This Is My Country".

The Thanksgiving tableau featured Steve Irlbeck, Patty Crowley, Paula Rogers, Betty Fischbacher and Rhonda Mowry. The choral presentation of "Come Ye Thankful People" was led by Noel Carter and Karen Carlile led the Thanksgiving litany.

Appearing as Washington and the cherry tree tableau participants were Jimmy Ward and Alvin Mardis. The song "George Washington" was led by Robbie Morris.

SchoolFund Is Invested

Randall County commissioners Monday voted to invest almost $2,000 in permanent school funds in municipal bonds.

The action was taken on the advice of Bob Davis, representing Columbian Securities. Columbian Securities handles the bonds purchased. The bonds are a municipal issue by Navasota.

The $1789.82 will buy two $1,000 bonds. Davis explained that the discount and the 2 3/4 percent interest paid on the bonds will total 4.25 percent earnings.

Trade Area Analysis Set

Questionnaires quizzing 500 local resident on how they rate Canyon businesses are being prepared by the Canyon Chamber of Commerce for mailing in a few weeks.

The survey, called a "retail trade area analysis", will be three pages of questions asking how the consumer rates transportation, store service and facilities and advertising in Canyon.

Chamber Manager Roland Black said consumers will be selected at random from Canyon, Happy, Wayside and north Randall County.

A copy of the results will be given to each Chamber member.

Rezoning Talks Next Week

BY WAYNE BOARD

The possibility of rezoning an area in the northern section of Canyon will be discussed at a joint meeting of the City and Zoning Commissions Thursday, March 16.

The meeting is slated for 7 o'clock in the City Hall Annex.

City Commissioners Monday discussed the possibility of rezoning the area from 2nd Avenue and 15th Street north to US Highway 60 from residential and industrial to commercial.

Presently, the property from 2nd Ave. and 15th St. to the Santa Fe Railroad tracks is in residential classification and from there to US 60 the area is in industrial zoning.

The move, if approved at the joint meeting, would rezone three 50-feet lots on both the west and east sides of 15th St.

"We need to look at this from the overall city," commented Mayor Paul Lindsey.

Discussion was prompted by a request several weeks ago from Art Roberts to construct a welding shop in the residentially-zoned area.

His request drew a protest from about a dozen property owners who live in the area.

The possibility of revamping the existing zoning ordinances to make allowances for various type businesses was also stu-

Jimmy Viramontes, head basketball coach at West Texas State University, resigned his position March 1 "due to personal reasons," according to Frank Kimbrough, director of athletics.

Viramontes will remain at WTSU in the capacity of assistant professor of physical education and director of men's intramurals.

Dr. James P. Cornette, president of the university, said "It is with extreme personal and official regret that we have accepted the resignation of Mr.

COC Talks Scheduled

The first of a series of discussion meetings sponsored by the Chamber of Commerce was held Wednesday afternoon in the First National Bank First National Room.

"If you have a project that you would like the Chamber to undertake you will be given an opportunity to present it during this series of discussions," said Burwell Southern, president of the Chamber.

BUFF GRIDDER Gary McAtee is getting suited up, but for football? Well, almost. McAtee, a Canyon freshman, is a member of the Buffalo Follies, a hilarious song-and-dance team of West Texas State football players who are spearheading a Panhandle-wide effort to acquaint Panhandle citizens with WTSU football while promoting a goal of 10,000 season ticket sales. Lending a helping hand is senior cheerleader Linda Jones of Midland.

Buffalo Follies Smashing Hit

BY JON LOW

If 6-5, 275-pound Larry Brazon can break up football games like he can break up audiences, West Texas State opponents are in for a lot of trouble this fall.

Break up audiences was just what Brazon did, with ample support from fellow members of the Buffalo Follies before a jam - packed crowd Saturday night at WTSU's Branding Iron Theater, and the results were nothing short of smashing.

There will never be another wedding scene with a bride quite like Brazon, and it is unlikely that anyone can be found to match his six-gun manuevers in the Follies night club scene.

The Follies, an imaginative multi-minded idea to launch a drive to sell 10,000 season tickets to 1967 WTSU football games, will carry their antics to ten other area cities by the end of April.

A roaring standing-room-only crowd gave a lengthy ovation to the cast, made up almost entirely of Buffalo football players, but which also includes the West Texas State cheerleaders and Shary Kerbel, daughter of WTSU Head Coach Joe Kerbel.

The university faculty and members of the press were treated to two closed previews of the Follies at the BIT Friday

Best In Science Fair Are Chosen

Four exhibits from the Rex Reeves Elementary School science fair were judged "best of show" and will be entered in the Texas Panhandle Science Fair in Amarillo April 7-9.

Judged as best of show were entries by Kellie Wright in botany, Burl Brim in medicine and health, Chris Moreland and Shelly Brim, both in zoology.

A total of 39 entries were judged in the show. Serving as judges were students from the methods course of Education at West Texas State University. Sponsors for the annual fair were Phyllis Albers and Bryce Slack.

The elementary fair had seven classifications for entries and awards were given in each according to Slack.

Kellie Wright took first in the botany division. Other winners in the botany division were Melissa Wright, second, and Shanon Hare, third.

Burl Brim took first in the medicine and health division. Mitch Shadix won second and

Brucellosis Tests Made

About 14 herds of cattle have been tested in Randall County to help certify the animals as free of Brucellosis, a blood disease.

Sam McGregor, a Texas Animal Health Commission member, said 25 more herds must be tested in March to certify Randall County as having "clean" cattle.

Any rancher wishing his herd tested may contact McGregor or Ray King at the Amarillo Livestock Auction Company, Dr. J. L. Markham, or County Agent John Brazzil.

A herd may consist of only one animal, he said, in order to re-classify the county.

Schools Will Close Friday

Canyon Public Schools will be closed Friday while teachers attend a special Texas State Teacher's Association meeting in Amarillo.

Classes will resume as scheduled on Monday morning.

Next official holiday for school students will be the Easter vacation.

FROM THE CANYON RIM

By Troy Martin

Tuck your eight year old into bed. Enjoy every minute of him. Watch him breathe so even in the security of love, home and his own bed.

Weep for him a little now. Ten years from now he will be crawling through the jungles somewhere, braving disease, booby traps and death with every foot.

I could stand this if we were trying to win. If there was victory and return home in the shortest order possible.

There is no victory. Our own leaders simply won't countenance it.

A boy is still a child at 18. Have we fallen so low that we will send our children out to die while we sit here in the comparative lap of luxury?

Will we let them be captured and held in torture camps without lifting a finger to free them? I've always said a soldier should follow the flag. But the flag, by the same token, should follow the soldier.

* * *

I read recently that 150 intellectuals are calling for a stop to bombing in Vietnam. I think we should take those intellectuals, give each of them a MI rifle, put them on the front lines in the place of some of the GIs and then stop bombing north Vietnam.

I'll bet that would change some attitudes in nothing flat. Oh, by the way, while we're putting that group out let's put Senator Fulbright out there with them.

The US may be developing the ultimate in missile defense . . .an electronic device which might thwart any sneak attack by a nuclear power.

The device would be focused on enemy launching sites in such a manner as to explode on its own pad any nuclear missile launched at this country.

If such a device is ever perfected, I don't think there will be many trigger happy missile launchers.

Liquor can be bought by the drink in almost any hamlet in the Panhandle right now.

Small private clubs permit members to keep hard drinks in locker rooms. Such a club usually has a bartender who will mix almost any kind of drink a member desires.

On top of this, many motels in dry towns have club-like bars for members only. However, all you need to do to become a member of such a club is to register into the motel. You register and are given an impressive "membership" card. Present the card and in many cases your drinks will be charged to your room.

Some grocery stores during the days of prohibition used to sell a package with the following admonition: "Beware! Do not mix the contents of this package with three gallons of water and allow to sit for 10 days or you will have an illegal liquid known as beer."

THE BANKER

HE'S WHAT MAKES ONE BANK DIFFERENT FROM ANOTHER.

Most people think that banks are banks. After all, they'd argue, we look a lot alike. Out services are largely the same. We all conform. (We have to, we're regulated.)

But they're forgetting the banker. He's what makes one bank different from another.

He's something else. He gets where he is because he is who he is, a man with an innate sensitivity to what's going on. Rumors, tips, wild speculation — he leaves these to amateurs. And what he reads in the financial pages is just for starters.

Almost every area of experience comes into play in forming his decisions: world trends, political trends, scientific trends, industrial trends, social trends.

Where else can a man put together all these complex awarenesses and make them make sense? Some people might scoff at all this because they know it's not the banker's own money he's investing. Well, they ought to remember a banker has invested his life.

You'll find officers with an incredibly high degree of individual responsibility. We have so much respect for our people that we just don't saddle them with committee rules. This way, answers to your questions and decisions on loans come through faster.

When you stop in at West Texas State Bank, you'll find it's the banker who makes a bank different. We want you to know that you'll always find a welcome at West Texas State Bank. But to say you'll just find a welcome hardly says enough.

DOUBLE BUCCANEER STAMPS TUESDAY AT BELLAH'S

MRS. WILLIAM B. DAVIS, general chairman for the University Study Club fashion show, discusses the program with narrators, Dr. Ples Harper and Mrs. Bob Lindsey in the closing minutes before the show opened Friday evening in the Canyon High School auditorium.

Spanish Garden Reviews Fashions

Fashions from the Spanish Garden were created Friday evening at the annual spring event sponsored by the University Study Club of Canyon.

Fashions from McDonald's Shop of Canyon were reviewed in the show which was held at the Canyon High School auditorium.

Bright colors and comfortable styling were featured in the early morning and bedtime fashions presented. The palest of yellows, blues and pinks were especially attractive for m' lady's wardrobe selections.

Spring sportswear favored the newest rage of oranges in combination with mint greens, shocking pink and lemon yellow. Sportswear fabrics saw the return of polka dots to the fashion scene. Rib knits were popular pant and skirt toppers and in slack designs the hip hugger and bandless waist were popular.

Knits proved to be fashionwise at the review especially in the seersucker and voile used for summer dresses. The wrinkle free, washable fabrics were ever popular.

A slight military influence was presented throughout the fasion event. It showed up especially in the summer suit selections which were accented with straw accessories and flowers from HR's.

For the day-into-evening setting, lace over linen and flower dotted lace was a favorite fabric in the new tents, semi-tents and floater fashions. Black chiffons and crepes again proved their popularity as evening fashions.

The large crowd at the fashion show lent approval to the trend of spring fashions with various outbursts of applause.

The Spanish senorita, Shelley Davis, appeared throughout the show to lend interest and variety to the collections of fashion.

Narrating the show were Dr. Ples Harper and Mrs. Bob Lindsey. The stage was a brilliant portrayal of a Spanish garden complete with wrought iron gate and fencing accented with greenery. Complementing the stage was a wrought iron angel standing amid a garden arrangement of bright red flowers. The front stage area was highlighted with a wrought iron railing accented with clay flower pots and hanging floral baskets.

Welcome was given by Mrs. Truett Hull, president. Additional entertainment during the evening included musical numbers by sixth grade girls including Sheryl Bellah, Dee Deborah Martin, Susan Hull, Kaysee Martin, Sharon Lumry, Patty Ormsby, Julie Brantley, Lauren Fulton and Teddi Crager with accompaniment by Cappie Wall.

Other entertainment included folk songs by Sydna Taylor, Linda Adair, Janis Miller and Jane Cleavinger. Mila Beth Gibson also appeared on the intermission program.

Mrs. William B. Davis was general chairman for the revue. Funds from the event will be used by the club for a variety of community projects. Mrs. Glenn Dowlen provided the musical background.

Modeling for the occasion were Mesdames Dale Henry, Wm. B. Davis, R. B. Gist, Jr., Dan Sanders, Harold Erwin, Wilton Manley, Duane Howard, Murphy White, Manly Bryan, Royal Brantley, Roscoe Davis, Weldon Hager, Morris Henderson, Eugene Bonds, Wire Wright, Jim Gore, Lee Roy Moreland, Wesley Cox and Robert Bellah.

The candelabra were banked to the floor with emerald greenery, white carnations, yellow daffodils and yellow acacia. Reserved pew markers of yellow satin bows completed the decorative setting.

As the bride and bridegroom left the altar, each took a small candle and lit one big candle while Rev. Rue read the Story of Ruth.

Given in marriage by her father, the bride selected for her wedding a princess style gown of Chantilace designed with a molded bodice and controlled A skirt. The dress featured long petal point sleeves. The rounded neckline was edged with a fold of peau de soie which dipped in the back. A bow at the back of the neckline held the sweeping chapel train fashioned in folds of peau de soie.

The bride's shoulder length veil was outlined in scallops of the matching Chantilace and was held by a crown of peau de soie trimmed with lace and seed pearls. She carried a cascade of white carnations, and white feathered chrysanthemums atop a white Bible, a gift to the Bride when she enetered high school from Mrs. J. D. Cook, great-aunt of the bride.

For something borrowed, a one dollar gold piece which the bride's mother wore at her marriage, was in her shoe. She had the traditional blue garter, and for something new a single strand of pearls given to the bride by the bridegroom. Her something old was a linen handkerchief edged in lace which the bride's grandmother, Mrs. J. W. McGlaun, carried in her own wedding 65 years ago.

Mrs. John Harris was matron of honor. Bridesmatrons were Mrs. Z. J. Neeley, Amarillo, sister of the bridegroom; and Mrs. Don Max Vars, Canyon, cousin of the bride. Miss Judy Hon was bridesmaid. Celeste Harman, cousin of the bride, and Edie Spear, Fritch, niece of the bridegroom, were junior bridesmaids.

Cherlyon Harman, cousin of the bride, was flower girl. She carried a nosegay of white carnations and yellow acacia, and Gary James of Amarillo, nephew of the bridegroom, was ring bearer.

J. L. Souder, Jr., Wellington, was his brother's best man. Groomsmen were Jack Sink; Bob Lancaster, Perryton, brother-in-law of the bridegroom; and Roy Brown, Amarillo. Dennis Spear, Fritch, and Jay Neeley, Amarillo, nephews of the bridegroom, were junior groomsmen.

Seating guests were V. H. Harman, Jr., Don Max Vars, Canyon, and Rickey Harman, Happy, all cousins of the bride; and Don Sasser, Cheyenne, Okla., nephew of the bridegroom; Teddy James, Amarillo, brother-in-law of the bridegroom; Allen Kirkland, Amarillo; and Lee Mars, Perryton, nephew of the bridegroom.

Following the ceremony, guests were greeted at a reception in Fellowship Hall of the church. A white nylon silk tablecloth edged in lace, over white, covered the serving table centered with an arrangement of white carnations, yellow daffodils and yellow acacia. White and yellow rice bags encircled the base of the flowers.

Pouring the lime punch was Mrs. V. H. Harman, Jr., cousin of the bride. Mrs. Jim Dillinger, Walsh, Colo., cousin of the bride, and Mrs. Jack Sharp served the three-tiered white wedding cake edged in yellow and topped with a bride and groom.

Mrs. B. Raymond Evans registered the guests. The bride's book was marked with white carnations trimmed in yellow.

Other members of the houseparty were Mrs. Carl L. Hale, Jr., Mrs. Roger Malone, Mrs. James Martin, Mrs. Gene Hutto, Mrs. Carroll Wright, Mrs. Robert Herring, Mrs. James Shepherd, and Mrs. H. D. Yarborough.

For traveling on their wedding trip, the bride wore a paisley ensemble with yellow, green and orange predominating. She added the corsage of white carnations from her bridal bouquet.

The bride is a graduate of Tulia High School, attended West Texas State University, and was graduated from Draughon's Business College in Amarillo. She has been employed by the First State Bank of Tulia.

Mr. Souder graduated from Quail High School. He attended Draughon's Business College in Amarillo. He served two years in the U. S. Army. He is employed in traffic management at Amarillo Air Force Base. During the spring and summer, the couple will live at 1311 West 19th in Amarillo, before moving to Altus, Okla., where he will be employed in traffic management at Altus Air Force Base.

COOK OF THE WEEK Shares Favorites

BY LORENA MILLER

Three recipes for family favorites are shared with our readers this week by Mrs. W. A. Branum of 2106 Fifth Avenue.

Mrs. Branum is the former Helen Thomas, who was reared in Dallas. Her mother, Mrs. Peggy Thomas, still lives in Dallas and a sister, Mrs. Dorothy Winsett, lives in Garland.

The Branums met in North Carolina. She was there to visit with her sister and he was stationed there with the Marines. Mr. Branum is a native of Wellington. His mother, Mrs. F. E. Branum and two sisters, Mrs. J. C. Stanley and Mrs. Henry Rampy, all live in Amarillo.

Branum's brothers include Wayne of Portales, New Mexico; Blaine of Lubbock and Larry of Irving.

The Branums were married in 1945 and have been residents of Canyon for about 4 years. He is employed as an engineer with the Santa Fe Railroad. He has been associated with the firm for 26 years.

The couple has three sons who are all interested in work of the Boy Scouts. The oldest son, Ken, 20, holds the rank of Eagle Scout. He is a pre-law major at West Texas State University and is in his sophomore year. Ken is a graduate of Canyon High School.

Mike, 16, is a sophomore at Canyon High School where he is active in the band and is this year participating in the broadened program of the Future Homemakers of America. Mike also holds the rank of Eagle Scout.

The youngest son, Ronnie, is 12 years old. He is a fifth grade student at Rex Reeves Elementary School and is a member of Boy Scout Troop 31.

Mrs. Branum is a member of Westside Home Demonstration Club, where she serves as council delegate. The family has membership in the Canyon Church of Christ.

Among her favorite hobbies are working with plaster figures and cooking for her sons. Mrs. Branum said that she likes to cook for her family and likes to try different recipes often.

Her favorites include:

LEMON CHESS PIE

3 eggs
1 1/4 cup sugar
1 stick oleo
1/2 cup buttermilk
1 tsp. lemon extract

Cream sugar and oleo. Add eggs, milk and extract. Blend and pour into unbaked pie shell. Bake about one hour at 350 degrees.

ROUND STEAK ROLL-UPS

2 lbs. round steak
6 Tbsp. shortening
1/4 cup onion, chopped
2 cup bread crumbs
1/2 cup celery, chopped
1/2 tsp. salt
1/4 tsp. sage
dash of pepper
dash of poultry seasoning
1 Tbsp. water
1 can mushroom soup

Remove bone from steak. Pound steak using meat hammer or edge of heavy saucer.

Brown onion lightly in fat. Drain. Add bread crumbs, celery and seasoning. Add water.

Cut steak into four pieces. Place 1/4 bread mixture on each slice of meat. Roll meat up and fasten with toothpick or skewer. Mash to flatten. Flour lightly and brown in remaining shortening.

Dilute soup with one can of water and pour over meat. Sprinkle meat with salt and pepper. Cover pan and simmer over low heat for about 1 1/2 hours until tender.

MEXICAN HOMINY

1 lb. hamburger meat
1/2 cup onion, chopped
1 cup tomato juice
1 can hominy, drained
3/4 cup cheese, grated
1 Tbsp. chili powder
1/2 cup stuffed olives
1/2 cup red chili peppers, chopped

Brown hamburger and onion. Add tomato juice, hominy, cheese, chili powder, olives, and chilis. Cover and simmer 20 minutes. Serve hot.

THERE MAY BE NO INCURABLE DISEASES.

Not long ago killer diseases like small pox, diphtheria, typhoid, tuberculosis or polio took countless lives. Now their perils can be avoided by certain precautions and preventive medicines.

Someday, in the not too distant future, a cure will be discovered for every disease. All over the earth research scientists are experimenting with both old and new drugs and chemicals. As soon as they are approved for safe use, we stock them, so that we can fill any physician's prescriptions. There is hope for present incurables. The next "miracle" drug may be the blessing they are looking for.

In other action, the commission approved a resolution authorizing the maintenance and enforcement of some 17 traffic control signs surrounding West Texas State University.

In the past, WTSU maintained the signs on Fourth Avenue and Spur 48 although they had no authority to issue traffic citations.

A student who had received a citation from the WTSU Security Department for parking on Spur 48 wrote the State Highway Department asking if the officers had any authority on the State Highway.

The Highway Department said although WTSU maintained the signs, they were on city property and therefore not within the jurisdiction of the Security Department.

The request to maintain and enforce the signs was made by Dr. Paige Carruth, WTSU dean of student life.

In other business, approval was given City Manager Gary Gwyn concerning the regulation of vehicles used to haul garbage to the dumping grounds.

A previous ordinance stated that each vehicle must have a substantial bed, sideboards and a cover to prevent refuse from falling from the vehicle.

The ordinance was changed to give Gwyn the authority to require a vehicle cover at his discretion.

Mayor Lindsey said he was not sure a City Manager should be given such authority.

"This is an administrative problem," declared Commissioner George Ritter.

Approval was given to a request from the Electrical Board to amend the city electrical code to allow the use of nonmetallic raceway.

The plastic conduit is approved by the National Electrical Code, Gwyn said.

Appointed to the Electrical Board was L. E. Lundberg. He replaces Floyd Lassiter who resigned about a year ago.

A payment of $834.62 to Lair, Williams and Cox, city attorneys, was given approval.

The $880-plus figure represents 15 per cent of the delinquent city tax collections made by the group from Oct. 15, 1966 through Jan. 31 of this year.

Gwyn was instructed to prepare specifications for a city depository.

The commission is expected to ask for bids on the depository at the next council meeting.

Commissioners also tabled action on several decisions.

Those items tabled include removal of assessment errors from the tax roll; a change in curb and gutter installation policy; and an increase in salary for Municipal Judge Burney Slack.

"For personal reasons," stated Viramontes, "I have tendered my resignation as head basketball coach. I wish the basketball family the very best and I am looking forward to my new assignment."

Viramontes coached West Texas State to a four-year record of 36-53.

Lair expressed doubt that the supreme court would grant a writ of error in the case.

He said that as it stands he would recommend that when the 7th Court's mandate issues that the girl be admitted to school.

Trustee J. O. Parker made a motion that the girl be admitted, the board policy revised and that "we go on having school."

Trustee Bill Davis seconded the motion. Wesley Cox and Dr. Charles Nester abstained from voting and Trustees Jerry LaGrone and Walter Graham were absent.

Five members of the board met with Lair Tuesday to discuss the Anderson case. The group did not convene as a board at that time.

The board heard a talk by Dr. Emmitt Smith, of West Texas State University, Monday night, on Texas Cooperative Dissemination Project of PESO.

Riding the crest of their Canyon success, the Follies will travel to appearances in Dimmitt, Plainview, Spearman, Pampa, Childress, Hereford, Memphis, Boise City, Okla., Amarillo, and Booker, with show time for each city set for 8 p.m.

Tascosa High School will host the Amarillo performances on April 24 and 25.

While Buffalo Follies acquaint people with the lighter side of the WTSU gridders, spring exhibition scrimmages scheduled in three Panhandle cities will reveal the football side. The scrimmages are slated for Dumas, Plainview, and Pampa.

Dixie Dice Watson, Follies director, confessed after Friday night's show, "These guys really did a remarkable job to give such fine opening night performances. They're the most coachable fellows in the world."

Think.

What else besides Long Distance telephone service costs you less today than it did 20 years ago?

Tough question. Not many things have gone down in price these past few years. Most goods and services have zoomed up in cost.

Long Distance rates are a pleasant exception. There have been ten rate reductions in Texas since World War II.

Nowadays, you can make a three-minute, station-to-station call to anywhere in the continental United States (except Alaska) for $1 or less after 8 p.m. or all day Sunday. This is the lowest rate ever. (Interesting comparison: The first transcontinental phone call, made in 1915, cost $20.70.)

And service today is faster and more convenient than ever before.

Better service at lower cost; we think that's a winning combination. Don't you?

Cowell 4th At Meet

West Texas State's James Cowell sped to a fourth place finish in the university division 440-yard dash at the Southwestern Recreation Track and Field Meet in Fort Worth Saturday.

Cowell, WTSU's only entry, gave the Buffaloes a fifth place team ranking in the university division of the gigantic meet that annually attracts hundreds of athletes from Texas, Oklahoma, and Louisiana in its university, college, junior college --freshmen, and high school divisions.

Cowell, a Dimmitt senior, came out of the blocks very quickly and was in excellent position after the first 220, but tired in the second half of the race and slipped to fourth at the tape in 52.0 seconds.

Cowell twice won state championships in the class AA 880-yard run while at Dimmitt High School. He recently completed his fourth year of football at West Texas State.

CHS Trackmen At Brownfield

In their first meet of the year Canyon High School trackmen failed to come up with a single point at the Brownfield Invitational Track Meet on Saturday.

Coach Dave Corley reported that despite the weak showing there was general improvement over the squad's practice performances registered thus far.

Sparked by fleet sprinter Robert Medlock, Lubbock Dunbar swept to the meet championship with apparent ease by rolling to 162 points to more than double the socre of runner-up Hereford. Medlock captured both the 100 and 220 dashes and paced Dunbar to a 41.8 clocking in the 440-yard relay for the best time in the State this year.

All members of district 1-AAA competed at the meet except Dumas. Hereford took second place with 77 points, Perryton took seventh with 35, Tulia was eighth with 34, and Muleshoe finished eleventh with 14.

Dumas, competing in the AAA division of Snyder's Canyon Reef Relays, claimed second place honors with 76 points to host Snyder's winning 161.

The Eagle cindermen have no meet scheduled for this week.

Cowboys In Track Meet

Happy grabbed sixth place in the Class B division of the Idalou Invitational Track Meet on Saturday with 46 points, only one point behind fifth place Anton. Amherst won the meet.

The Cowboys claimed three first places, with two of them coming in field events. Dave McNeill sailed over 5-8 to win the high jump, while Zeke Frost topped the broad jump field with a leap of 19-9.

Bill Vernon turned in a victory in the 440-yard dash.

The Cowboys' debut into the season was impressive, considering that they do not even have a track on which to train.
